

### **From the Reverend Graham**

As a football fan I watched the exploits of England in the recent euros. I have to confess that these days I get more excited about club football than the national team. However, like many, I watched the final. So near and yet so far.

What came afterwards exposed the reality that at the heart of our nation there is still a minority of people who cannot accept that we are all equal. The outpouring of racist abuse on some of the England players was abhorrent. Thankfully many more rallied round to show that they valued and respected the black players. In the bible, we are told that in Christ there is no Jew or non-Jew, no slave, or free, rather all are equal.

Sadly, the church has a long way to go. Over the past year I have read two books about racism in the church. The first was called 'Ghostship' and looked at specific instances of racism through the eyes of an Anglican clergyman. More recently, I was challenged as I read 'God is not a white man' by Chine MacDonald, who, using her experiences as a person of Nigerian birth came to this country as a child of a doctor and a teacher and eventually went to Cambridge and has worked for several development agencies.

Both books challenge the church to do more to expose the unseen, unspoken racism within our words and attitudes. In many ways the church is no more than a microcosm of society, but we are called to be different and to model a new way. The next few years are going to be very challenging as the Church of England seeks to make changes and maybe one day we look back on the events of 2020 and 2021 as really making a change to how everyone is viewed both within the church and society. Enjoy the summer sun.

### Special services in August

We continue our services on the first Sunday of the month, using music and liturgy from the Taize community. On Sunday 29<sup>th</sup> August the benefice service will be in Easton and we are taking the opportunity to worship using liturgies drawn from different traditions. On this occasion the service will use material from the Celtic tradition. It will be slightly different from normal. Worship in the Celtic tradition is more in tune with the world around us, the elements and the seasons. The holiday club for primary age children takes place this month and even before we start we are full! Thank you to all the volunteers who make the three-day event very special. We always hold a special service at the end of the Holiday club and this will be on Sunday 22<sup>nd</sup> August at 9.30am in Brandeston. Why not come and find out what the children have been doing?

### **Covid safe Church Services**

From July 19<sup>th</sup> government regulations have become guidance. The way we organise our services in church is based upon national guidance. Our aim is to make them as safe as possible with everyone taking responsibility for themselves and showing compassion and courtesy to others. As with all things the Covid process will be kept under review.

#### **We are adopting a uniform approach across the benefice.**

1. Regular risk assessments are carried out in each church.
2. Where churches have side doors and windows these will be open for ventilation.
3. We recognise that some people will feel more vulnerable now than previously and may want to sit on their own or wear a mask at all times. In view of this we invite all people to wear a face covering and to continue to socially distance. For most Sunday services this does not present a problem!
4. We ask people to use hand sanitiser as they come in and go out of church.
5. At Holy Communion, face coverings to be worn when moving around the church.
6. The priest will wear a mask when administering Communion.
7. Communion will continue in one kind (bread, no wine).
8. We recommence congregational singing in church.

### **Covid safe Church Services continued**

#### **For baptisms, weddings and funerals**

The government has lifted restrictions on numbers attending weddings, funerals and baptisms. In discussion with the families, we will decide whether to limit numbers. If numbers are not limited, then social distancing may not be possible. We ask all people to wear face coverings.

#### **All Saints Church Flag**

Thank you very much to **David Whiting** who, after many years of service has decided to retire from the job of raising and lowering the flag at the church. It's one of those many jobs that get done quietly and efficiently with no-one noticing until it hasn't been done! Thank- you David.

Please get in touch with one of us if you can help in any way.

Thank-you

Ruth and Pat

As I sit to write this month's article, it seems apposite to reflect upon how the COVID-19 pandemic has changed all of our lives and no one would doubt that it has been an incredibly difficult and challenging time for all of us, but it has also brought us together. Here in Suffolk we have a proud track record of coming together in our communities to help those in need and to support each other, so I would personally like to thank all of you for your efforts and resilience during this difficult time.

As we now begin to look forward, I am hopeful that we are now coming through the worst and I am looking forward to meeting as many of you as possible in person once again over the coming weeks and months. I'm especially looking forward to getting out and about to enjoy the range of local events that are starting to pop up, not to mention stocking up on our fabulous local produce.

I am particularly enthusiastic about the marvellous food and drink offering we have here and my weekends at home in Suffolk are often spent at local markets and events. I always buy my food and drink locally, where I can, to support our local businesses wherever possible.

It never ceases to amaze me the sheer diversity that we have right here on our doorstep – from locally produced cheeses and meats, to cordials, cider, beer and wine, and sauces, preserves and pickles, all grown, packaged and produced so creatively right in Suffolk. The success of these businesses is vital to our strong rural economy, and I think we all have a part to play in ensuring that we think local and buy local whenever we can. There is so much great work going on here already to educate our children and young people on the importance of not only eating well – a healthy and balanced diet, but also eating locally and seasonally. This is vitally important in reducing the number of miles our food travels before it reaches our plate and of course, fresh produce that's in season always tastes so much better.

With the harvest season upon us, it's vital that we all continue to do our best to buy local and support local produce. I am a great supporter of our local farmers and regularly meet with the NFU and the farming community. I will continue to do my very best to support our hardworking farmers here in Suffolk and wish them all a fruitful and plentiful harvest.
