“No Show 2020”

We can't have our usual show in September but it would be a shame to let the year pass without a record of how people have been spending time in their gardens. Please let us have your photos (email or hard copy) on any of the following subjects (or anything similar) and we will collate and preserve them for posterity in our section on the Kettleburgh website. If you want to add comments or an explanation, please do so:-

The Flower Garden

The Fruit Garden

The Vegetable Garden

The Leisure Garden

My Garden Project

Garden Wildlife

Culinary Creations

Craft Creations

My Lockdown Project
