

Item 14: I have proposed dates for all 5 meetings to be on the third Thursdays. This will allow more time after the bank statement arrives for preparation of supporting paperwork and review by Cllrs and parishioners before meetings and also reduces the pressure on completing annual accounts and internal audits before the May meeting. Moving the KRM also reduces clashing workload at this time of year. I have checked that both the KRM and the APCM are within legally prescribed limits (other meetings don't have them).
