

# **The Kettleburgh Town Estate Charity**

## **No 207258**

This charity was originally set up with funds from the sale of the Church Cottages where Mr and Mrs Glason now live, with the Interest on the capital being dispensed annually.

Originally the money was given to the OAPs in the form of coal. However, we now spend our limited resources in the form of grants to first year college students whom reside within the parish. Recent recipients being Ben Garland, Gabriella De Roeper, Lindsay Compton, Hugh Cavanaugh and Laura Butcher.

This small charity is run by the two Church Wardens and the Priest in Charge.
