

The Kettleburgh Town Estate Charity
No207258

Currently the trustees of this charity are Mr. John Bater and Rev. Robin Alderson. The late Valerie Upson was the third trustee, and Mr. David Upson will be replacing her in due course.

The income from shares with the Charities Investment fund last year amounted to £92-37

This fund is used for students who live in Kettleburgh and who apply for grants for books during their first year at university. The students have to apply in writing at the start of their university training but as we don't have applications every year a grant can amount to around £80.00 so worth applying for.
