

Kettleburgh Village Produce Association

Report To The Kettleburgh Annual Parish Meeting Thursday 26th April 2018

The 2017 show held on Saturday 2nd September was the most successful for several years with the number of competitors and entries showing a significant increase on the previous year. The most popular classes were tomatoes, the Victoria Sandwich cake, apples, dahlias, a hand-made card and a colouring of the village sign for children. Photography classes were also well supported. With encouragement from the Kettleburgh Craft Club we hope to increase the craft classes in coming years.

Run by a small group of enthusiastic volunteers our show is currently held on the first Saturday in September here in the village hall. The aim is to have fun and also to learn. Everyone is welcome to exhibit and help and advice is available from members of the committee. It is a traditional show with sections for vegetables, flowers, fruit, cookery, wine, photographs and children's classes and participants from Kettleburgh and the surrounding villages particularly Brandeston are welcomed.

Help on the day is welcome, but what we really want are your entries. If you have any ideas for classes at future shows please let us know and if you visit a show elsewhere please bring me a schedule – this is where we pick up ideas for different classes. The show this year will be on Saturday 1st September.
