4. **A.O.B:**

- The Clerk brought a further planning application to Councillors' attention. C/11/0308 is a proposal for the installation of a ground mounted photovoltaic system at Upperfield House, Easton Green. This application will be considered at our meeting on 16 March. The Clerk will contact Mr Hilton at Upperfield House and ask whether the position of the photovoltaic array could be marked on the ground, in order that Councillors could assess its visual impact.
- The Clerk met with Mr Derek Hill and SCC Highways representatives outside Pinewood Cottage in The Street. The siting of the 30mp.h. repeater post, which at present hinders a clear view when exiting from his property, is to be moved so that this problem can be overcome.
- Arrangements for the presentation at The Chequers on 3 March to Melvyn Crossland, postman to Kettleburgh for the past 20 years, were finalised: the Chairman will make the presentation at the beginning of the evening, with flowers for Melvyn's wife.
